Email: admin@dabinglobal.com

Legal representative: JEONG WOOJUNG

Position: CEO

LEGAL ENTITY IN INDONESIA

Company name: PT DABIN ENERGY SOLUTIONS

Address: South Quarter, Tower A, 18th Floor, Jl. RA Kartini kav. 8,
Cilandak Barat, Cilandak, Jakarta Selatan

Website: www.dabin-es.com

Telephone: (+62) 21 8064 1001

Email: dabin.oss23@gmail.com

Legal representative: MR. BAE GIBEOM

Position: General Director

GENERAL INTRODUCTION

Dabin Energy Solutions Company Limited (DES) was established in 2020 from the predecessor Dabin Global Joint Stock Company with more than 17 years of experience operating in solar power in Korea. We specialize in providing rooftop solar and smart energy solutions in Southeast Asia with flexible, scalable and financially optimized renewable energy systems.

With a One-stop service model, DES provides all services from planning, design, construction, finance to operation and maintenance (O&M) for solar power plants. We apply advanced technology and practical experience to promote renewable energy, bringing leading technology solutions not only from Korea but also from around the world.

With the goal of becoming a prestigious brand and a reliable partner in the solar energy industry in Vietnam, Indonesia and the region, we are committed to putting customers at the center, maximizing operational efficiency and project profits, contributing to building a sustainable green future for future generations.

MILESTONES

VISION - MISSION - CORE VALUES

VISION

Better Life, Beyond Energy

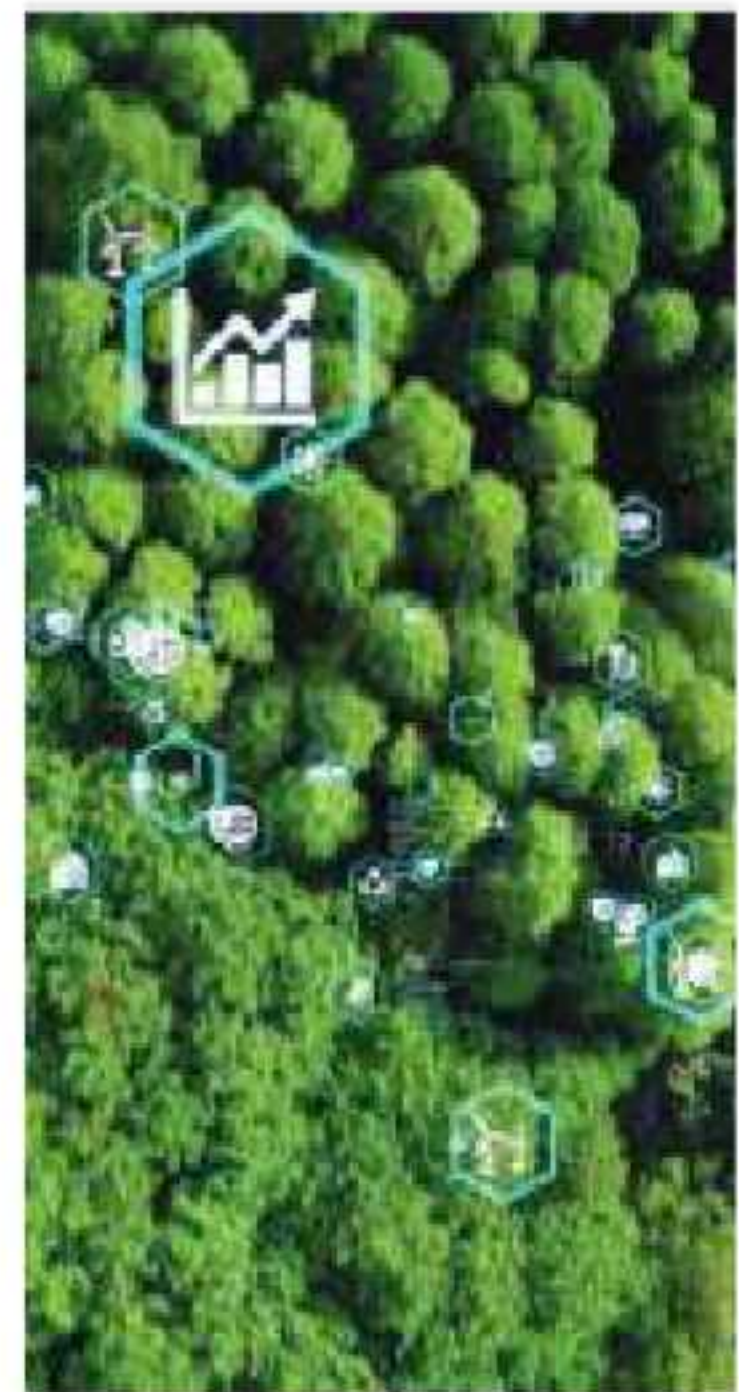

MISSION

We aim to deliver a better life and a cleaner energy future.

Providing green, clean, efficient, cost-optimized energy solutions, contributing to creating a sustainable future for the earth.

CORE VALUES

Become the leading prestigious company in the solar energy industry in Vietnam and Indonesia in the future.

D

Dedication

Being meticulous in every stage of the project, delivering optimal solar energy solutions.

E

Efficiency

Optimizing power generation, ensure safe and continuous system operation.

S

Sustainability

Minimizing environmental impact, creating a green future.

CEO'S MESSAGE IN VIETNAM

energy, constantly developing future-oriented technology. With the experience of constructing more than 150MWp of solar power in difficult areas such as Nepal, Antarctica, Pakistan, Bhutan, Southwest Asia and Southeast Asia, we have affirmed our capacity and pioneered to overcome all challenges.

Energy and environmental issues due to soaring oil prices and the depletion of fossil fuels are becoming increasingly urgent globally, requiring urgent solutions to protect future generations. In this context, the development and application of renewable energy sources is an inevitable trend. In particular, solar energy - an endless and sustainable energy source - plays a pivotal role in this transition.

Over the past 17 years, Dabin Energy Solutions Company Limited has been a pioneer in the popularization and expansion of renewable

Now, with a presence in Vietnam, DES is committed to providing sustainable energy solutions to businesses in Vietnam and other countries in the region. We will continue to strive to become a leading enterprise in renewable energy in Vietnam, contributing to green and sustainable development for future generations.

Best regards,

**CEO
JEONG WOJUNG**

CEO'S MESSAGE IN INDONESIA

At Dabin Energy Solutions, we believe the future is bright and it's powered by the sun.

Our mission is simple: to make solar energy easy, accessible, and reliable for everyone. Whether you're a homeowner looking to cut energy costs, a business ready to take control of your power supply, or an investor seeking sustainable growth, we provide a one-stop solution that covers every step from project development and E, P, C (engineering, procurement, and construction) to financing and long-term support.

What sets us apart is our commitment to walking the journey with you. We're not just here to install panels, we're here to build partnerships, deliver smart energy solutions, and contribute to a cleaner, more resilient world.

Thank you for trusting Dabin Energy Solutions to power your future. We're excited to move forward together.

Best regards,

**CEO
ERIC BAE**

MAIN SERVICES

DES provides comprehensive solutions for solar power systems, including supervision consultation, project development, turnkey construction and system operation. We are committed to providing optimal solutions, ensuring safety, quality, efficiency and sustainability for each project.

CONSULTING

In-depth consulting from a team of experienced experts, working with businesses to research, develop and provide suitable energy-saving solutions.

Meet and receive requests

Conduct actual survey and assessment

Propose suitable solutions

PROJECT DEVELOPMENT

Make detailed plans to ensure feasibility and investment efficiency.

Conduct project analysis

Research & apply for grid connection

Design & adjust plan

Present and answer questions

ENGINEERING - PROCUREMENT - CONSTRUCTION (EPC)

Full services from design, license registration, procurement to installation and acceptance, assurance of quality, progress and optimal system performance.

System design

Equipment supply

License registration

Solar panel installation

Inspection and acceptance

Register I-REC for the project

ENERGY MANAGEMENT SYSTEM

Energy monitoring & optimization with advanced technology:

Real-time dashboard with smart data

Remote maintenance management and defect monitoring

Comprehensive display of operations, energy production and logistics

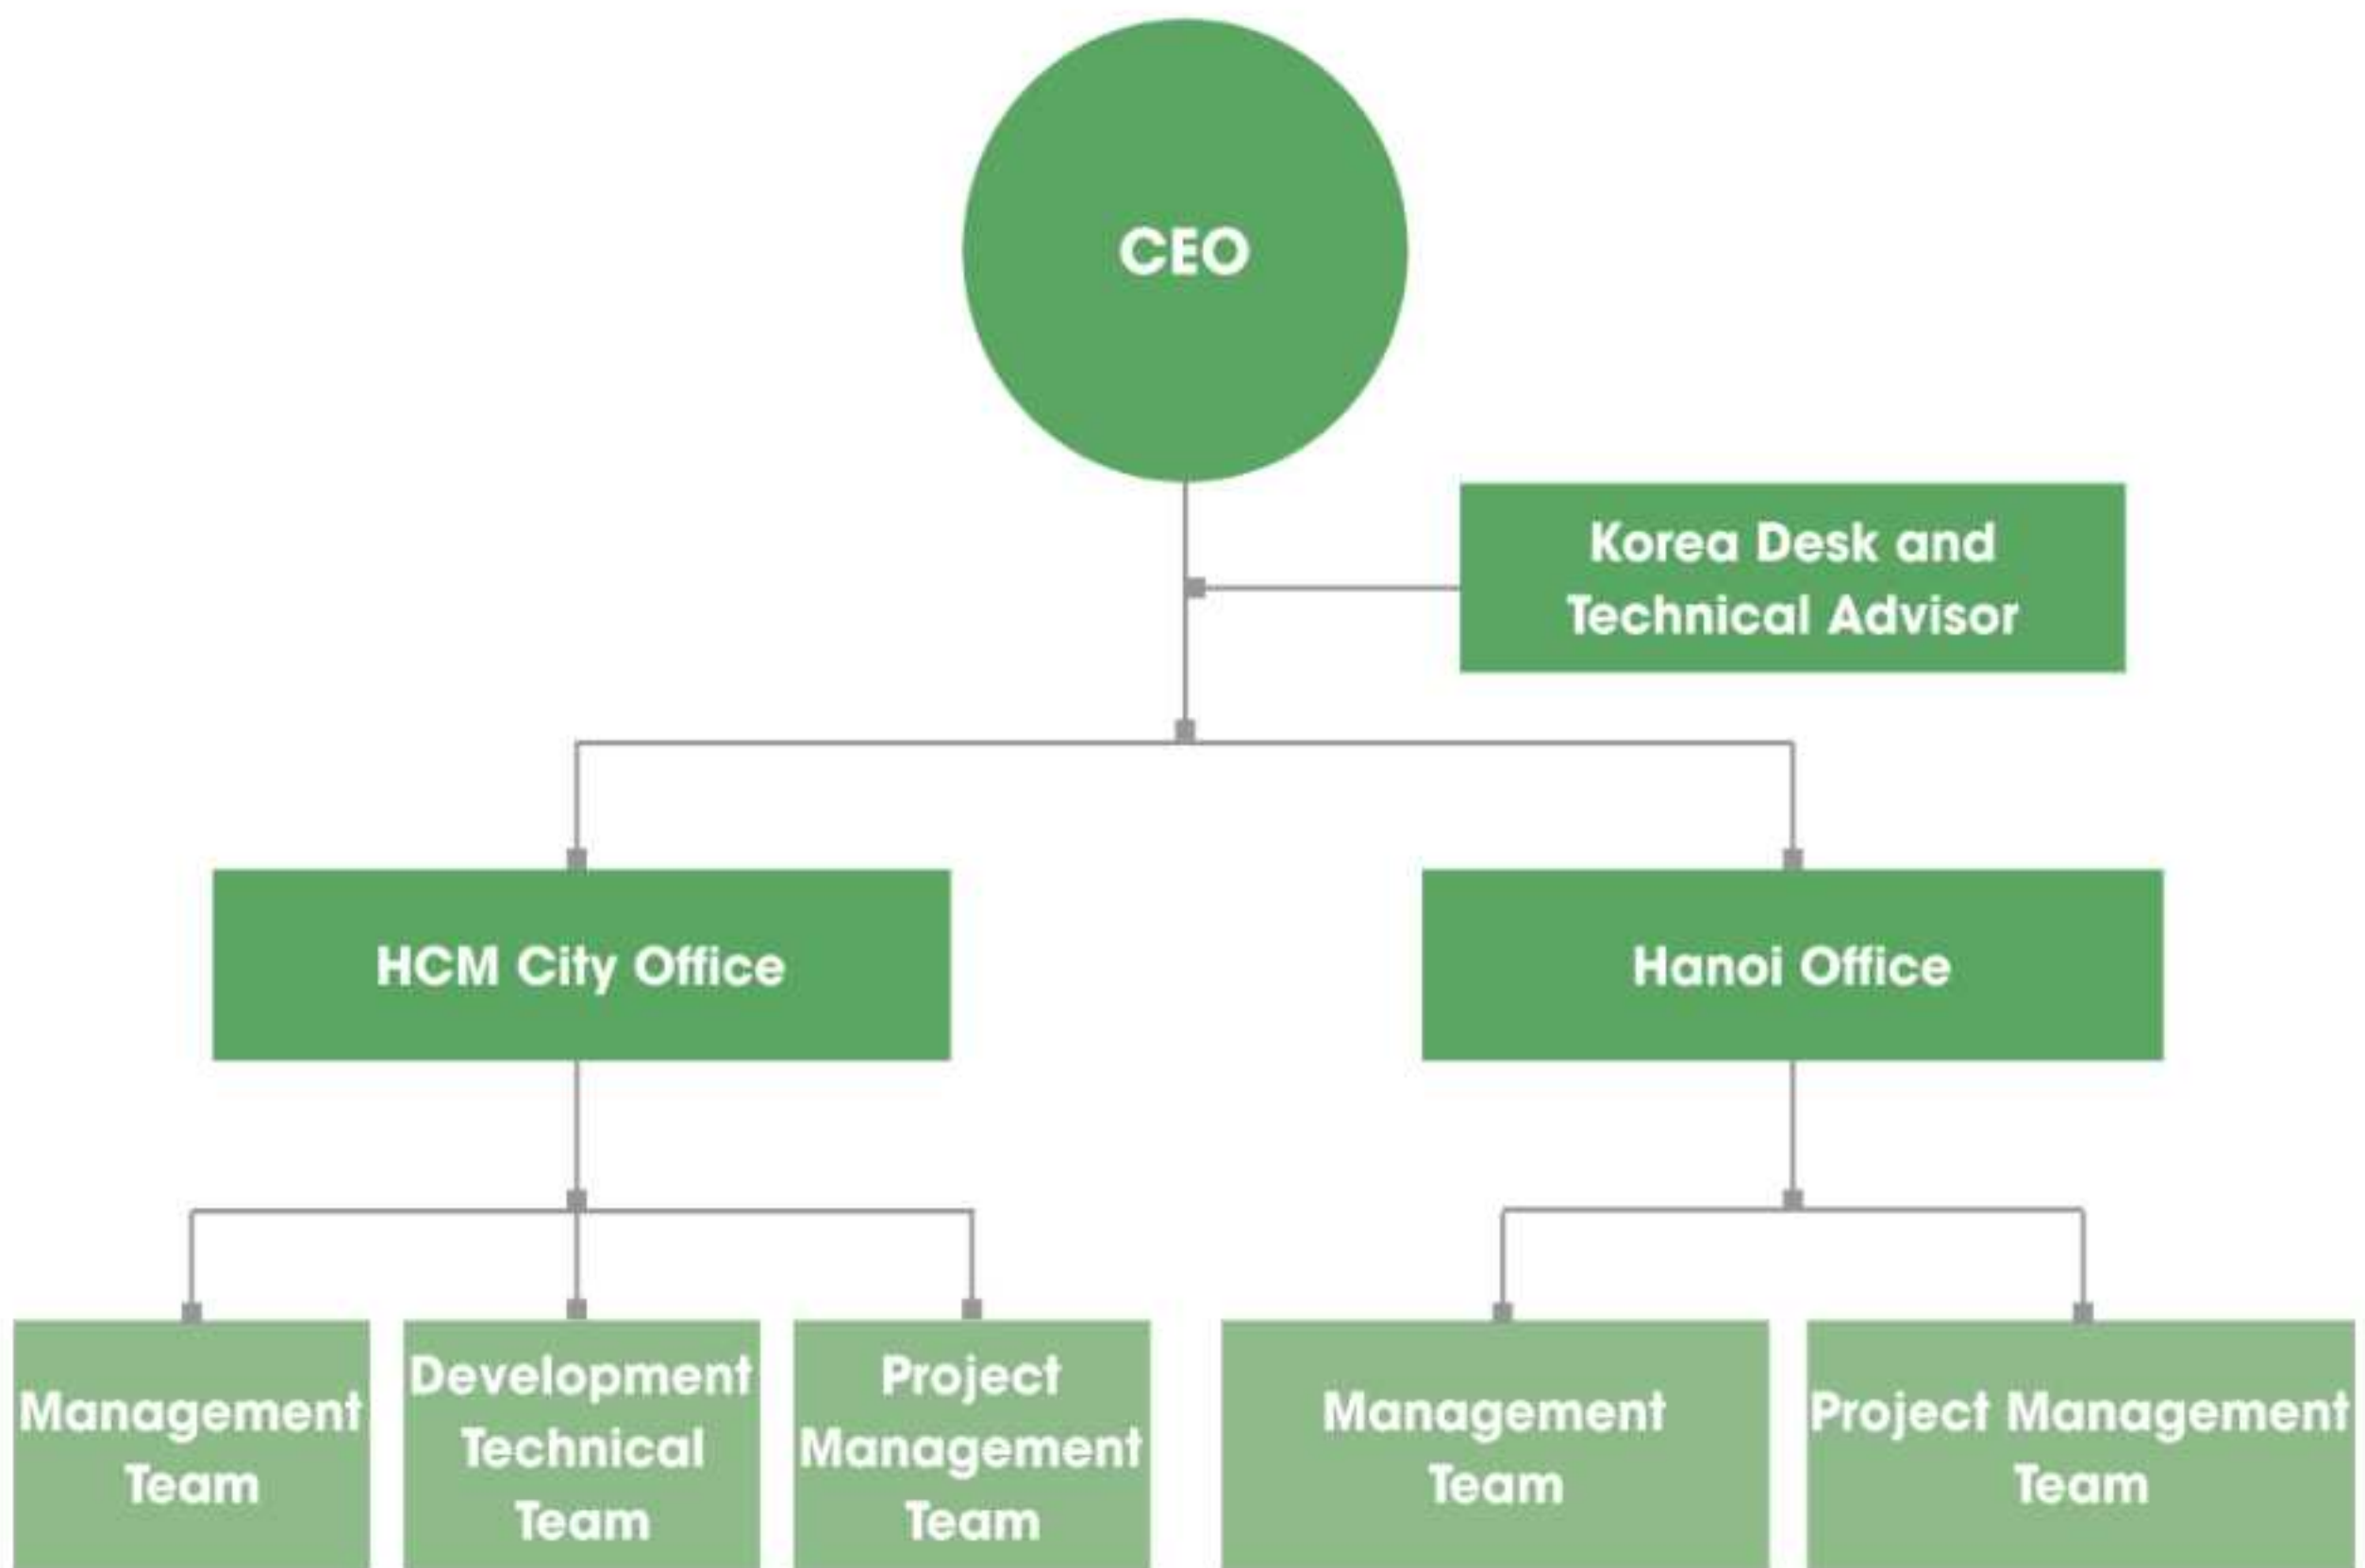

Coordinate devices on the same platform

ORGANIZATION CHART

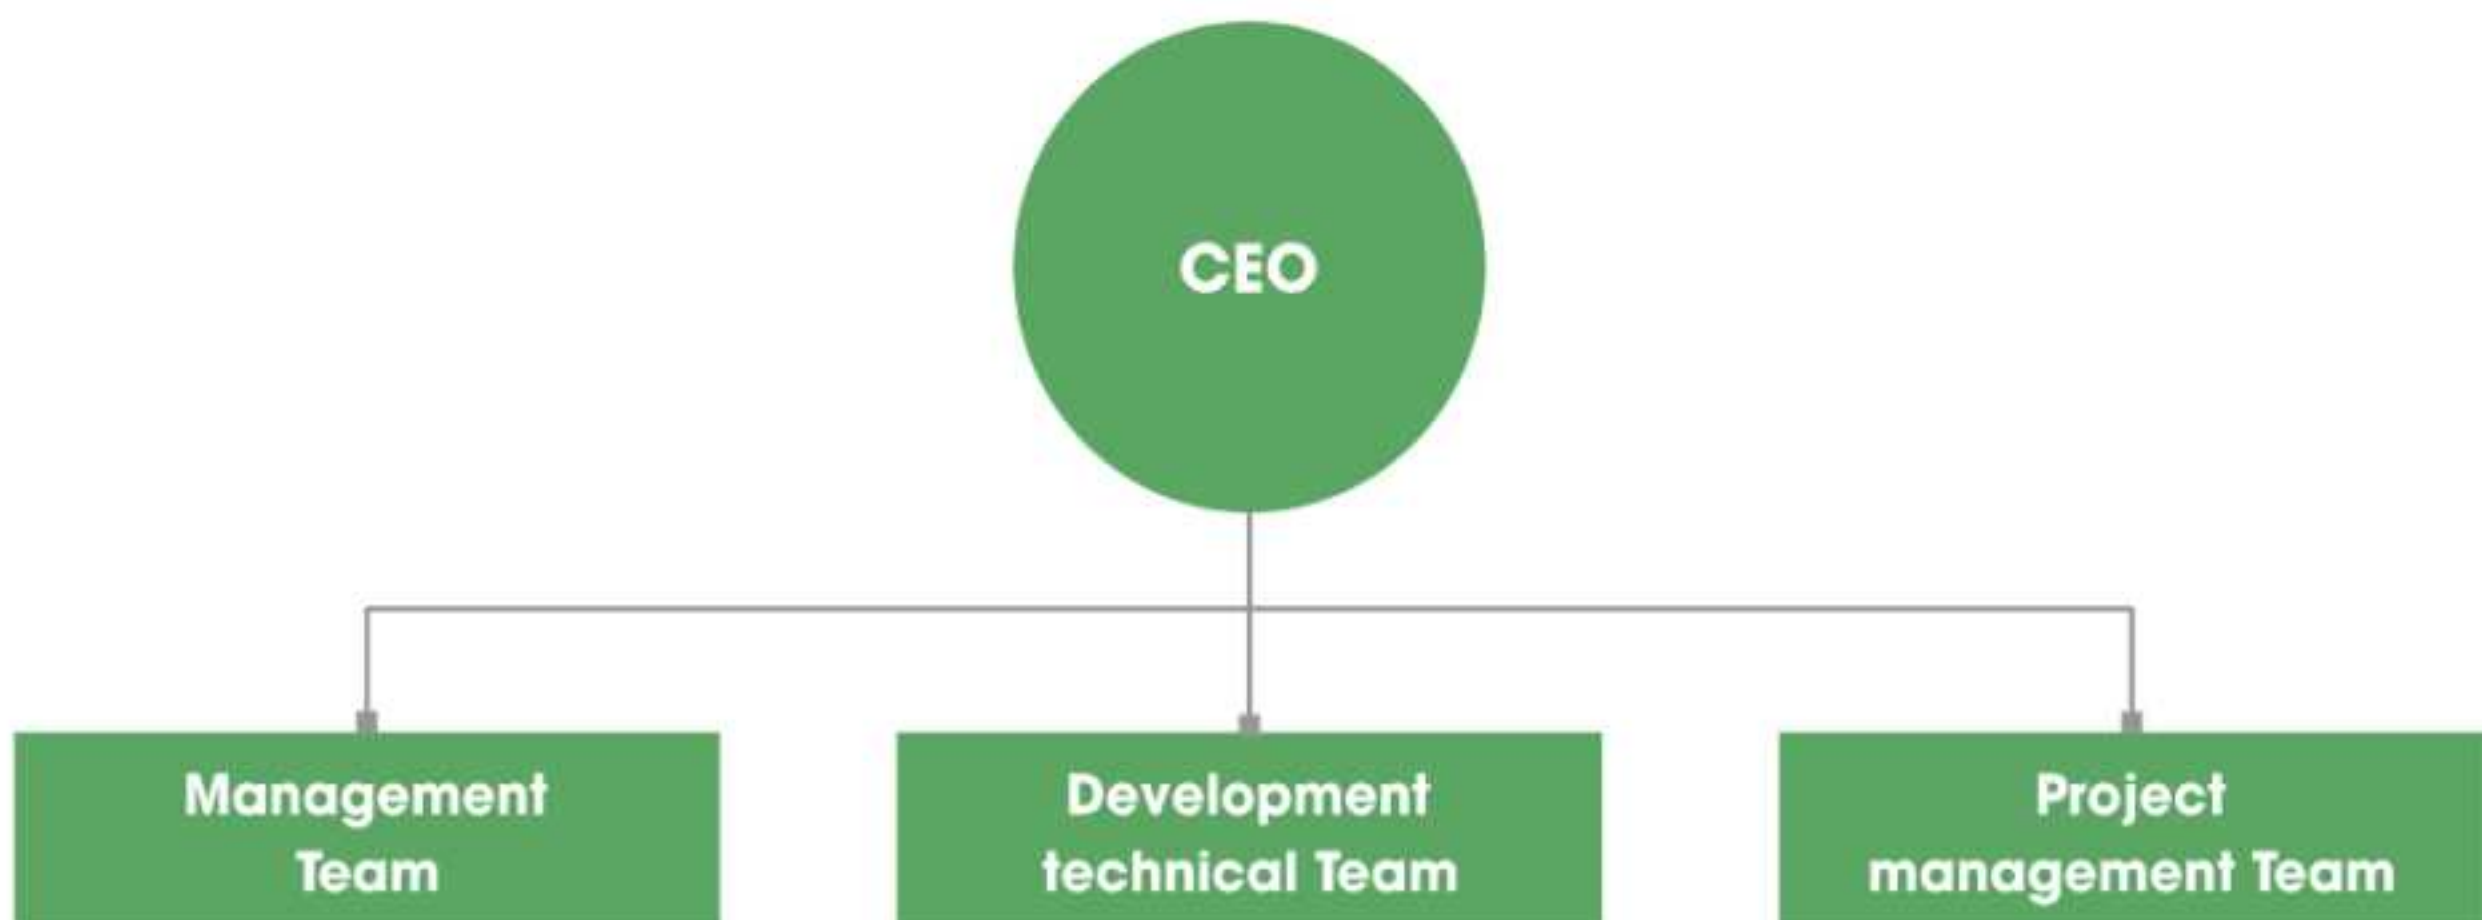

The foundation of DES's success is built on the pioneering spirit, daring to think, daring to do and not afraid of challenges demonstrated in the Company's management team and employees. Possessing a team of highly qualified, experienced professionals,

inheriting the mettle of previous generations, DES's team constantly conquers new projects, aiming to create a sustainable green future for future generations.

FLAGSHIP PROJECTS

LG ELECTRONICS VIET NAM

Location: Trang Due Industrial Zone, An Duong District, Hai Phong City, Viet Nam

Plant Capacity: 17082 kWp

Annual Production: 18385 MWh/ year

Carbon Reduction: 18998 tons/ year

CJ VINA AGRI - DONG NAI BRANCH

Location: Lot H1, H2, H3, H6, H7, H8 Dau Giay Industrial Zone, Bau Ham 2 Commune, Thong Nhat District, Dong Nai Province, Viet Nam

Plant Capacity: 2501 kWp

Annual Production: 3622.4 MWh/ year

Carbon Reduction: 2783 tons/ year

CJ VINA AGRI - HA NAM BRANCH

Location: Lot 1, Dong Van 2 Industrial Zone, Bach Thuong Ward, Duy Tien Town Ha Nam Province, Viet Nam

Plant Capacity: 1949.2 kWp

Annual Production: 1849.8 MWh/ year

Carbon Reduction: 2168 tons/ year

ORION FOOD VINA

Location: Lot E-13-CN, NA3 Street, My Phuoc 2 Industrial Zone, My Phuoc Ward, Ben Cat Town, Binh Duong Province, Viet Nam

Plant Capacity: 1157.2 kWp

Annual Production: 1647 MWh/ year

Carbon Reduction: 1287 tons/ year

CJ VINA AGRI - BINH DINH BRANCH

Location: Lot B6, Nhon Hoa Industrial Zone, Nhon Tho Commune, An Nhon Town, Binh Dinh Province, Viet Nam

Plant Capacity: 1025.75 kWp

Annual Production: 1460.2 MWh/ year

Carbon Reduction: 1140.9 tons/ year

OTHER PROJECTS

JOOWON VINA

Location: Road No.8, Nhon Trach I Industrial Zone, Phuoc Thien Commune, Nhon Trach District, Viet Nam

Plant Capacity: 980.65 kWp

Annual Production: 1356 MWh/ year

Carbon Reduction: 1090 tons/ year

CJ FEED & CARE SEMARANG

Location: Jl. Semarang - Pekalongan No.KM.49, Ringinsari, Surodadi, Gringsing, Batang Regency, Central Java 51281, Indonesia

Plant Capacity: 979 kWp

Annual Production: 1269 MWh/ year

Carbon Reduction: 559 tons/ year

CJ FEED SERANG

Location: Julang, Cikande, Serang Regency, Banten 42186, Indonesia

Plant Capacity: 976.8 kWp

Annual Production: 1437 MWh/ year

Carbon Reduction: 600 tons/ year

CJ FEED LAMPUNG

Location: Sukanegara, South Lampung Regency, Lampung, Indonesia

Plant Capacity: 772.2 kWp

Annual Production: 1182 MWh/ year

Carbon Reduction: 564 tons/ year

CJ FEED JOMBANG

Location: Jl. Raya Gambiran, Ngrowo, Gambiran, Jombang, Kabupaten Jombang, Jawa Timur 61482, Indonesia

Plant Capacity: 770 kWp

Annual Production: 1269 MWh/ year

Carbon Reduction: 605 tons/ year

CHOI&SHIN VINA

Location: No.236C Nguyen Trung Truc, My Thanh Hamlet, My Phong Commune, My Tho City, Tien Giang Province, Viet Nam

Plant Capacity: 789.65 kWp

Annual Production: 1095 MWh/ year

Carbon Reduction: 878 tons/ year

JOIL VINA

Location: Lot K, N2 Street, Loc An-Binh Son Industrial Zone, Binh Son Commune, Long Thanh District, Dong Nai Province, Viet Nam

Plant Capacity: 762.3 kWp

Annual Production: 1063 MWh/ year

Carbon Reduction: 848 tons/ year

CJ FEED INGREDIENT VIETNAM

Location: Lot No. IV-3, IV-4 My Xuan Industrial Zone, B1- Tien Hung, My Xuan Commune, Tan Thanh District, Ba Ria-Vung Tau Province, Viet Nam

Plant Capacity: 670.78 kWp

Annual Production: 1007 MWh/ year

Carbon Reduction: 746 tons/ year

CJ VINA AGRI - HUNG YEN BRANCH

Location: Lot D, Pho noi A Industrial zone, Lac Hong commune, Van Lam District, Hung Yen Province, Viet Nam

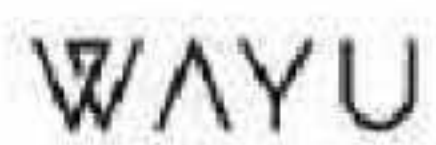

Plant Capacity: 532.4 kWp

Annual Production: 485.8 MWh/ year

Carbon Reduction: 592 tons/ year

INVESTORS

DES's brand reputation is affirmed through a strong commitment to customers on superior quality, delivery schedule, environmental responsibility and cost optimization. We not only provide sustainable solar energy solutions but also accompany customers to create a green future.
